

# Empowering the future of work

## Microsoft Teams is for everyone

From the C-suite to the frontline, organizations need a single solution to stay connected, organized, and focused on what matters most.

Microsoft Teams enables the secure, hybrid work model that is today's new normal—supporting employees at home, in the office, or on the go.

By providing a single place to engage in collaborative and inclusive chats, meetings, and calls, Teams makes it possible for everyone to achieve more, from anywhere.

## Four reasons to choose Microsoft Teams over Slack

As part of Microsoft 365, Teams can help you...

- 1 Seamlessly collaborate in one place
- 2 Simplify everyday work for everyone
- 3 Work with confidence, securely
- 4 Maximize value, minimize costs

With Microsoft 365,  
we are innovating  
for the future
